FIG. 3 is a perspective view of the assembly from FIG. 1, showing the internal components and the housing 80. The housing 80 is shown in a partially exploded view, revealing the internal mechanism. The main body 26 is connected to the base 72 via a hinge or pivot point 74. The base 72 is mounted on the housing 80. The main body 26 includes a handle 36 and a trigger 38. The trigger 38 is connected to the main body 26 via a linkage 39. The main body 26 also includes a spring 36 and a pin 38. The main body 26 is connected to the base 72 via a hinge or pivot point 74. The base 72 is mounted on the housing 80. The main body 26 includes a handle 36 and a trigger 38. The trigger 38 is connected to the main body 26 via a linkage 39. The main body 26 also includes a spring 36 and a pin 38.
